Dear Parents/Carers,

During this half term, we would like all the children in Year 4 to produce a Home Learning Project. We believe this gives our children the opportunity to share their learning with family at home, engages them in their learning and allows them to share their knowledge, skills and talents with their peers.

The children are encouraged to choose the project idea they would like to create and how they wish to present it to the rest of the class. This half term's project needs to be completed and returned to school by **Monday, 11th February** and the children will be given the chance to share their learning with the rest of their class during that week. If your child needs any paper or other resources that school can provide, please encourage them to ask their class teacher.

Project Ideas

- Find out about different languages spoken around the world and where they are spoken. Record your findings in an interesting way.
- Research mythical creatures. Using what you find out, create your own mythical creature. Draw a picture or create a model of your creature.
- Design your own outfit for Beowulf, using research on traditional clothing of the time. Can you make the outfit for yourself or a smaller version for a toy using materials?
- What did the Anglo-Saxons eat? Research and make something they would have eaten.
- Retell the story of Beowulf in your own words in the style of a comic. Remember to include pictures, captions and speech bubbles.
- Create a family tree for the characters in Beowulf.
- If Beowulf were to have created a time capsule, what might he have included? Present your findings creatively.
- The story of Beowulf comes from the epic poem which is over 3000 lines long. Summarise the story in 5 sentences only! Present your 5 sentences in a creative way.

Please can you make sure your child brings their project into school by Monday 11th February so that it can be shared with the rest of their class during that week.

Thank you for your continued support

The Year 4 Team
